**Re: Multi-Pathway Risk Assessment Report – Air Modeling Report Submission for the Part B Permit Application for the Renewal of the Hazardous Waste Subpart O Explosive Waste Incinerator Permit – Approval  
Radford Army Ammunition Plant (RAAP), Radford, Virginia  
EPA ID#: VA1210020730**

Dear Mr. Hawks:

The Virginia Department of Environmental Quality's Office of Financial Responsibility and Waste Programs (DEQ) has completed the review of the Radford Army Ammunition Plant (RAAP) facility's *Revision to the Proposed Explosive Waste Incinerators Risk Assessment Receptor Locations for the Radford Army Ammunition Plant Memo* (EWI Receptor Memo Revision), dated April 9, 2020 and received on May 13, 2020. The EWI Receptor Memo Revision was submitted in response to informal comments from DEQ on the EWI Receptor Memo submitted on April 9, 2020. The EWI Receptor Memo Revision provides supplemental information to the *Air Modeling Report Submission for the Part B Permit Application for the Renewal of the Hazardous Waste Subpart O Explosive Waste Incinerator Permit – Approval* letter dated February 20, 2020, for alternate receptor locations for the modeled areas of most deposition.

DEQ has no comments on the EWI Receptor Memo Revision and the document is now approved. The RAAP facility shall continue to prepare the human health risk assessment for the EWI Multi-Pathway Risk Assessment Report per the approved timeline in the August 14, 2019 approval letter from DEQ.

Mr. Jody Hawks
